

Master of Business Administration

2-years full time dual specialization

Affiliated to **MAKAUT**

Approved by **AICTE**

About the Institute

Future Institute of Engineering and Management (FIEM), established in 2001, offers a management programme under Future Business School to prepare students for a dynamic business environment in their careers.

With a curriculum that meets global standards, the institute places special emphasis on communication and life skills training through fully equipped language labs. Equipped with role plays and interactive learning both physical and virtual, our students become active learners who are also exposed to various workshops and IT-skill training and grooming sessions to make them industry ready.

Since inception, our management students have maintained a successful placement track record because of their industry readiness, academic orientation, learning enthusiasm and ethical responsiveness.

Affiliation and Approval

At Future Institute of Engineering and Management (FIEM), the management programme is approved by AICTE and affiliated to Maulana Abul Kalam Azad University of Technology, West Bengal formerly known as WBUT.

Infrastructure

The institute boasts of state-of-the-art infrastructure that is regularly upgraded to keep pace with technological advancement.
